COURSE DESCRIPTION: These courses are designed to prepare emergency responders to perform effectively and safely during bombing incidents and suicide bombings, principally in support roles within the warm and cold zones of the incident scene. The courses include a familiarization with improvised explosive devices (IED) and explosive materials, and detailed training on critical response actions during pre- and post-detonation operations. In addition, the courses address actions that emergency responders can take to prevent and/or deter bombing attacks against targets in their communities.

REGISTRATION: **NHFA General Admission Application.** Registration is limited on a first come first serve basis. **Only completed applications** will be accepted by mail, in person, or by fax. Check, Money Order, Credit Card or Chief's signature must accompany the application.

**Minimum class size is 50 students per day.
If this minimum is not met, the classes may be canceled.**

Applications will be through Monday, May 5, 2008 at 1600 hrs.
